

Innovation the Future of Animal Health

Welcome to InMed Animal Health

Introduction :

Inmed Animal Health is an ISO certified Veterinary PCD pharma company. We market highly qualitative veterinary products. All the products of our company are approved & verified by FSSAI, WHO and GMP. We provide Veterinary PCD Pharma Franchise Business in all parts of PAN India. Inmed Animal Health offers everything you will ever need to set up your PCD animal care company. We are the best company to start a vet pharma business in India. Here are the reasons of choosing Inmed Animal Health.

Competitive Price :

We do not focus only towards hard core business, as we are very much concerned about budget veterinary medicines. Veterinary medicines are a very essential part of life of vets and pets and is now a necessity for ensuring their proper health. So they must be available at a very affordable price. We at Inmed Animal Health are not money oriented. Our mission is to provide the best quality veterinary medicine at genuine price.

Quality Assurance :

When we talk about a product's quality then it is a very important factor for the health of your vets. We at Inmed Animal Health are very conscious about the quality of our products for ensuring proper health of your pets and vets. We are following every government guidelines of product marketing. Animal health & wellness is a priority for us. We cannot take risks for anyone's health.

On Time Delivery :

One of the important factors of the veterinary pharma company is to deliver products on time so that veterinary owners can get maximum benefit from the veterinary products. We always keep ready stock inventory to support high demands.

Parasite Infestation... Internal & External

परजीवी (Parasite) को मारने का बेहतरीन ईलाज

Albendavet-IV

Albendazole 3000 mg + Ivermectin 100 mg **Bolus**

Albendazole 750 mg + Ivermectin 25 mg **30ml Suspension 100ml**

....a major cause of loss in Livestock

- ➔ पेट में कीड़े मारने तथा पशुओं को इन्फेक्शन से बचाने में सहायक ।
- ➔ लंग वर्म, आई वर्म (Eye Worm), स्किन और मस्कल (Skin & Muscal Worm) से बचाने में उपयोग ।
- ➔ Effective against round worm, tape worm & fluke infestation.
- ➔ Effective against Microfilariae (Poorly controlled by Albendazole)

Dosage :

Cow, Buffalo, Horse, Camel, Sheep & Goat :
1ml / 50kg body Weight

Dog : 0.2-0.5ml / 10kg body weight.

Also Available

Albendavet

Albendazole 25mg / ml **30ml, 60ml, 90ml Suspension**

Albendazole 3000mg **Bolus**

in the management of :

- Roundworms
- Hookworms
- Whipworms
- Roundworms
- Tapeworms

Dosage :

Single dose treatment

for large animal

Repetition after 3 months

....a complete range of Dewormer

A **Perfect** combination of **Vitamins & Minerals**
essential for overall **Growth & Health** of **Pets**

AMINO-VIT

Multivitamins & Amino Acids **Supplement 200ml**

- **AMINO-VIT** is a super & powerful tonic for faster and healthy growth, diseases resistance, immunity building for Dogs, Puppy and Cats.
- A complete tonic with Essential Vitamins, Amino Acids & Minerals for correction of Vitamin, Protein, Minerals & nutritional disorders.
- It is very useful for better intestinal micro flora management for the faster & healthy growth of Pets.
- In convalescence and recovery period post anti-infective, post-operative care and post-deworming

Debilitated Pets

Boosts Immunity

Aids with digestion

During all Phases of Pregnancy

Anorexia

For Show Animals / Breeding Stock

Also Available

PET-ACTIVE

Energising Syrup to Keep Pet Active
& Strong **200ml**

**Strong combination to fight
against infections**

BACTOVET-S 4.5

Amoxycillin Sodium 3000mg + Sulbactam 1500mg Injection

Amoxicillin

- ❖ Offers wide coverage against gram +ve & gram -ve pathogens.
- ❖ एमीक्सिलिन पेनिसिलिन का एक उन्नत संस्करण है जो लंबे समय तक चलने में सक्षम है। यह पेट के एसिड का वरोध करता है तथा ग्राम Positive ग्राम Negative बैक्टीरिया दोनों को मारता है।
- ❖ Better absorption as compared to other penicillin antibiotics.
- ❖ Highly active against staphylococci, E. coli, H. Influenzae & Klebsiella pneumonia.

SULBACTAM

- ❖ Inhibitor of beta-lactamase enzyme secreted by certain bacteria that are resistant to beta-lactam antibiotics.
- ❖ Attaches to certain PBP and increases the sensitivity of microbial species that are sensitive to antibiotics.

- क्लॉक्सिलिन एक बीटा लैक्टम एंटीबायोटिक है। जिसका उपयोग कुत्तों और बिल्लियों में विभिन्न बैक्टीरिया का इलाज किया जाता है।
- यह सभी रस्पिरैटरी ट्रैक्स इन्फेक्शन के साथ-साथ यूरिनरी ट्रैक्स इन्फेक्शन लिए भी प्रयोग होता है।

Dosage & Administration :
7 mg Per kg body weight or
as directed by the Veterinarian.

BACTOVET-SP

Amoxycillin 1.5gm + Cloxacillin 1.5gm +
Serratiopeptidase 100mg + LB Bolus

● ENT Infections

● Genitourinary Tract Infections

● Gonorrhea

● Lower Respiratory Tract Infection

● Skin & Skin Structure Infections

Also Available

BACTOVET

Amoxycillin Trihydrate 1500mg Bolus

Caring with Quality

...for **Animal Health**

Restore Physical & Mental Health

पशुओ में शारीरिक तथा मानसिक स्वस्थता के लिए उत्तम

BUTAMIN

100ml INJECTION

Each ml. contains :

Butaphosphan		100 mg
Cyanocobalamin	BP	50 mcg
Methyl Hydroxy Benzoate	BP	0.1% w/v
Water for Injection	BP	q.s.

It used for curing the metabolic disorders in animals such as goat, sheep & cattle resulting from poor nutrition, inadequate management or diseases.

BUTAMIN injections are recommended in the developmental & nutritional disorders in young animals resulting from diseases during the period of growth, metaphylaxis of infertility.

BUTAMIN is necessary for the formation of methionine and its methylation derivative and for polyamine synthesis.

Dosage :

Small Animals :

5ml. daily IM./I.V.

Large Animals :

5-10 ml. daily I.M./I.V.

Hypocalcaemia (Related to Calcium Therapy)

Anorexia | Stress Conditions

Bird Flu Hysteria | Cannibalism In Birds

Improve Muscle Performance

Also Available ◦

Chlorpheniramine Maleate : is an antihistamine used to treat allergic conditions and occasionally used as a mild Seductive. Its use in cats, dogs, horses, birds to treat allergic conditions in 'off label' or 'extra label'.

CHLORO-PM

Chlorpheniramine Maleate 10 mg/ml
100ml Injection

कैल्शियम की कमी पूर्ति करने मे सहायक ।

For Better **Milk Yield & Bone Health**

1, 5, 10, & 20 Litre Liquid

CALOCAL

Advance formula of Calcium

EACH 10 ML CONTAINS:-

Calcium	6500mg
Phosphorus	3250mg
Vitamin A	45000 IU
Vitamin B12	100mcg
Vitamin D3	12000 IU
Vitamin E	150000mcg
Vitamin H	10mg
Bioactive Chromium	200ppm
SHATAVARI	1000 mg
Jivanti	1000mg
Lysine	25mg
Methionine	10mg
Piper Longum	400mg
Chelated Zinc	1500mg
Silymarin	450mg
Chelated Copper	500mg
Carbohydrates	40000mg

- ▶ Acts as a galactagogue that improves milk yield.
- ▶ Maintains appetite & digestion in animals.
- ▶ It can be used in treating the condition of enlargement of teats after milking.
- ▶ Ensures thick shelled eggs in poultry.
- ▶ Improve overall growth.
- ▶ दूध मे वसा (Fat) बढ़ाने में उपयोगी ।
- ▶ पशुओं के सेहतमंद जीवन तथा दुग्ध उत्पादन बढ़ाने मे अति उपयोगी ।

Also Available

Vit. E 50mg, Vit. B12 150mcg, Asparagus racemosus 400mg, Leptadenia 1000mg,
L-Lysine 50mg, Methionine 10mg, Vit. H (Biotin) 10mg, Pueraria tuberosa
10000mg, Withania somnifera 900 mg, Carbohydrate 10000 mg

...for Higher yield

Dosage :

To be given daily through drinking water

Cattle, Buffalo and Horse - 50 ml. twice daily

Calf, Sheep, Goat and Pig- 25 ml. twice daily

Poultry (per 100 birds)

Chicks- 10 ml. daily

Growers & Broilers- 20 ml. daily

Layers- 50 ml. daily

Feed Supplement along with Multivitamins & Multimineral with Milk Boosting rare herbs.

Bring Heat, Treats Infertility...

1kg / 5kg / 10kg / 25kg

CALOMIN-FORTE

Chelated Minerals Mixture & Multivitamin

POWDER

दूध बढ़ाने, पाचन क्रिया, प्रजनन प्रणाली तथा
पशुओं में विटामिन की पूर्ति करने में सहायक ।

- Milk production & milk fat content improves and maintains for longer periods.
- Increases health and immunity.
- Acts as appetizer & helps for better digestion, absorption & assimilation of nutrient.
- Relieves the animals from stress / strain.
- Ensures higher fertility rate and conception.

DOSAGE :

Large Animals - 50gm for cow & Buffalo per day to be mixed in the feed for better health.

Small Animals - 30gm for calf & goat per day to be mixed in the feed for better growth & weight gain.
For Poultry : 1kg / 100 kg.

CALOMIN-FORTE

*...is mineral mixture which assures results
For Cattle, Dairy Cows, Poultry, Horse, Pigs,
Goats enriched with Copper & Amino Acids.*

Supplement treats & Raise a Healthy Dog

CALOVET

PET BONE

SMALL / MEDIUM / LARGE

- ✓ Enriched with optimum calcium & phosphorus ratio.
- ✓ For stronger teeth and healthy bones.
- ✓ Drools calcium bones when chewed assists in rubbing off.
- ✓ Tartar and plaque formation from the teeth and gums of the dog.
- ✓ Facilitating the incoming of fresh breath.
- ✓ Premium and delicious bone supplement for dogs.
- ✓ Ideal for dogs of all breeds, ages, shapes & sizes.
- ✓ 100% safe and easily digestible.

Also Available

FOR PETS

IN-GROW

(LUSTER COAT VITALIZER & GROWTH PROMOTER) (400gm)

EACH CONTAINS 100 GM : Dextrose 30 gm , Whey Protein 10 gm , Isolate Soya Protein 10 gm , Dried Milk Protein 10 gm , Carbohydrate 20 gm , DHA 200 gm , Methionine 2gm , DCP 10 gm , Dextrins 5 gm , Inositol 200 gm , Lysine 2 gm , Biotin 100 mcg , Choline Bitartrate 200 mg , Fat 200 mg

Mixing Direction :

- Use fresh and clean water
- Boil drinking water for 5 min & leave it till lukewarm.
- Add Powder and water in the ratio of 13 i.e 1 part of Powder and 3 Parts of water to make smooth slurry.

FRESH BREATH

STRENGTHEN BONES

BALANCED NUTRITION

Improving Immunity

Rich & Luster Coat

Strong teeth and Bones

Good Eyesight

Enrich with Proteins, Vitamins, B-complex, Biotin & DHA

CALOVET-GEL

CALCIUM GEL 300ml

Instantly Desolves in Body to overcome calcium deficiency

Composition :

Each 100 gm Contains :

CALCIUM (CA++) (supplies calcium ions to ensure normal levels of serum calcium before, during & after calving)

Phosphorus	3400mg
Vitamin D3	38000 I.U.
Vitamin B12	400mcg
Cobalt	125 mg
Manganese	30mg
Zinc	250mg
Propylene Glycol	1000mg
Carbohydrate	10000mg

• *Effective in milk production.*

• *For bone formation & Growth*

• *To maintain higher Productivity.*

• *Better genetic potential*

• कैल्शियम की आवश्यकता की पूर्ति ।

• दुग्ध उत्पादन में वृद्धि ।

• लीवर फंक्शन तथा शक्ति व सफूर्ति के लिए उपयोगी ।

➔ *During Advance Pregnancy*

➔ *In Young calves for growth*

➔ *Weak Immunity*

➔ *During Peak Lactation Period*

➔ *In Parturition*

Dosage : For Higher Milk, Administered one bottle per animal per day for 3-5 days Total doses will vary according to the animal's condition. Do not exceed 2 doses within 24 hours except on the advice of a Veterinarian.

मजबूत हड्डियों तथा स्वस्थ शक्ति वर्धक के रूप में

Best Supplement of Mineral with Vitamins

पशुओं के लिए उत्तम विटामिन, मिनरल सप्लीमेंट

200ml, 500ml, 1 Litre

CALOVIT-FORTE

(Advanced Formula of Multivitamin, Mineral, Protein Methylcobalamin with Biotin)

Each 100ml contains :

Calcium Lactate	1330mg
Protein Hydrolysate 20%	6.6gm
Zinc Sulphate	70mg
Iron Choline Citrate	30mg
Vitamin E	130mg
Vitamin A	10000 IU
Vitamin B1	6.6mg
Vitamin B6	4mg
Methylcobalamin	200mcg
Ascorbic Acid	130mg
Niacinamide	100mcg
Biotin	2000mcg
L-Lysine	130mg
D-Panthenol	16.6mg
Manganese Chloride	1.4mg
Selenium	20mg
Magnesium Chloride	130mg
Iodine	0.8mg
Sodium	1060mg
Chloride	660mg
Potassium	100mg

Dosage :•

Large Animals : 50ml Once a day

Small Animals : 20-30ml once a day

Poultry 5-10ml / 100 Birds once a day

- विटामिन, मिनरल तथा प्रोटीन का एडवांस कॉम्बिनेशन ।
- इन्फर्टिलिटी, प्रजनन, तथा दुग्ध के उत्पादन व वसा में वृद्धि के लिए उपयोगी ।

- During stress, Improving health and Production.
- To treat the case of infertility, Repeat Breeding & Anestrus.

● Keeps Cattle Healthy

● Improves Growth Rate

● Improve Fertility

● Improve fat percentage in milk

पोषण संबंधी कमियों व उत्पादन संबंधित
विफलताओं को रोकने में सहायक ।

Also Available : _____

VEGROW

(Growth & Promoter) Liquid 5 Litre & 25 Litre

- Helps to overcome mineral deficiency.
- Improve egg shell quality.
- Enhances egg production, growth body weight.

EACH CONTAINS 500 ML:-

Methionine Activity	127.60gm
(Methionine Hydroxy Analogue)	
Choline Chloride	63.125gm
Lysine Hydrochloride	63.125gm
Magnesium	595.40gm
Sodium	459.00gm
Manganese	384.55gm
Ferrous (Iron)	223.40 gm
Zinc	215.70gm
Cobalt	206.75gm
Copper	158.80gm
Phosphorus	154.16gm

Dosage :•

Broilers : 5-10 ml 100 Birds through
drinking water-

Layers / Breeders :

10-20 ml / 100 Birds through drinking water

Anti Stress & **Rehydration** Feed Powder

DEXO BION

**Electrolyte with Dextrose,
Multivitamin & Methylcobalamin**

Packing : 100gm, 200gm & 500gm

EACH 50 GM CONTAINS :

Dextrose (Anhydrous)	30gm
Methylcobalamin	500mcg
Vitamin A	1000 I.U
Vitamin E	68.08 mg
Vitamin C	230 mg
Vitamin B1	56.36mg
Vitamin B6	68.08mg
Sodium Chloride	160mg
Potassium Chloride	1gm
Sodium Bicarbonate	600mg
Sodium Acid Phosphate	160mg
Sodium Citrate	1.3gm
Calcium Lactate	340mg
Magnesium Sulphate	200mg
Choline Chloride	102.06mg
Energy	3000 k cal.

- गर्मी में अत्यंत उपयोगी ।
- शरीर में ऊर्जा और रोग प्रतिरोधक, क्षमता को बढ़ाने के लिए सहायक ।
- Health support during dehydration, Gastrointestinal problems.
- Improve appetite & strength.
- Promote intestinal absorption & assimilation.
- Promotes growth and development.
- Helps in stabilizing intestinal pH.
- Increase Performance & Production.

Prevention & Treatment of Hypocalcaemia

**Debility | Weakness | To improve
Health Productivity & Milk Yield.**

Dosage : Use of the by pass fat should be in ration of dairy animals for 10 days before 90 days calving it can be supplement used by the ration of dairy animals 15-20 kg Per kg Milk production or 100-150 gm Per Animal Per Day

Dosage : Large Animals - 40-80gm animal / Day

Small Animals : 20-40 gm animal / Day

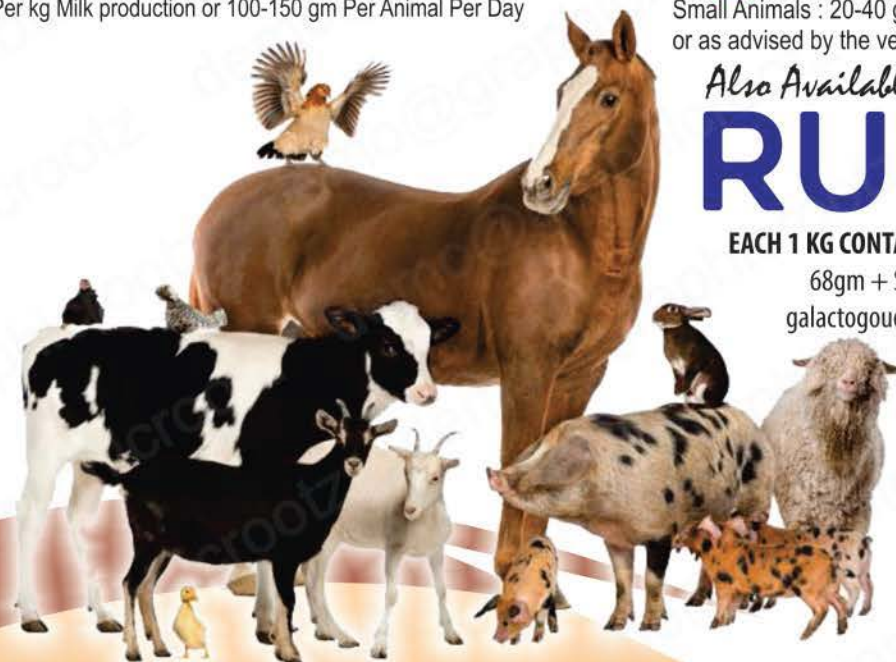

or as advised by the veterinarian consultant.

Also Available •

RUMIFAT

EACH 1 KG CONTAINS By Pass Fat Rumen 660gm + Calcium 68gm + Saccharomyces Cerevisiae 100gm + Herbal galactogoue 100gm + Glavour 2gm & Minerals 70gm.
(By Pass Fat) (400gm)

- Increase Productivity and Productive life of animals.
- By Pass Fat Supplement to high yielders during advance pregnancy and early lactation helps in minimizing the energy deficiency.

The Versatile Antibacterial for Assured Results

बैक्टीरियल इंफेक्शन के लिए उत्तम इलाज

ENROMED

Enrofloxacin 100 mg **Injection**

> **UTI Resperitery** टैक्ट इंफेक्शन मे उपयोगी ।

> एंटीबायोटिक थेरेपी के रूप सहायक ।

> **Mixed bacterial Infections**

> **Mycoplasmosis (e.g. CRD)**

> **Campylobacter Infection**

> **Respiratory tract Infections**

> **Staphylococci Infection**

- ▶ Bactericidal with a broad spectrum activity against both Gram negative and Gram positive bacteria.
- ▶ Inhibiting bacterial DNA gyrase thereby preventing DNA supercoiling & replication.
- ▶ Very effective against the bacteria having resistance to conventional antibacterial.
- ▶ Effective against the mycoplasma infection.

Presentation :

30 & 100 ml Injection

Dosage :

Large Animals :

1 ml / 20 kg body weight

15 ml for 300 kg animal

Small Animals : 3-5 ml.

ENROMED

Enrofloxacin 100 mg **BOLUS**

The most powerful bactericidal

*When helminthic infestations interferes with
Animal productivity & farmer's economics.....*

FENMED

Fenbendazole 3000 mg **BOLUS**

Fenbendazole का उपयोग मुख्य रूप से नेमाटोडायसिस, पशुधन और मुर्गी के सेस्टोडायसिस के उपचार के लिए किया जाता है। मवेशियों, भैंसों, घोड़ों, सूअरों सहित जानवरों से गैस्ट्रो-आंत्र सूत्रकृमि, फेफड़े के कीड़े और टेपवर्म को हटाने के लिए अत्यधिक प्रभावी है।

**SAFE in all
Stages of
Pregnancy**

Pre-Calving Last
month of pregnancy

Every 3 months
during lactation

Post Calving
One week after
parturition

During Rainy season
maximum chances of
larvae infestation

FENMED

Fenbendazole 100mg/ml **SUSPENSION**

- » A broad spectrum anthelmintic
- » Effective against all stages of life cycle of helminths
- » Improves growth-rate & weight gain

- Ascarids
- Giardia
- Hookworms
- Roundworms
- Taenia species of tapeworm

Presentation : 1 Bolus

BROAD SPECTRUM Antibiotic

Fixovet-O-Plus

Cefixime 1gm + Ofloxacin 1gm + Lactic Acid Bacillus **BOLUS**

Fixovet-LB

Cefixime 1gm + Lactic Acid Bacillus **BOLUS**

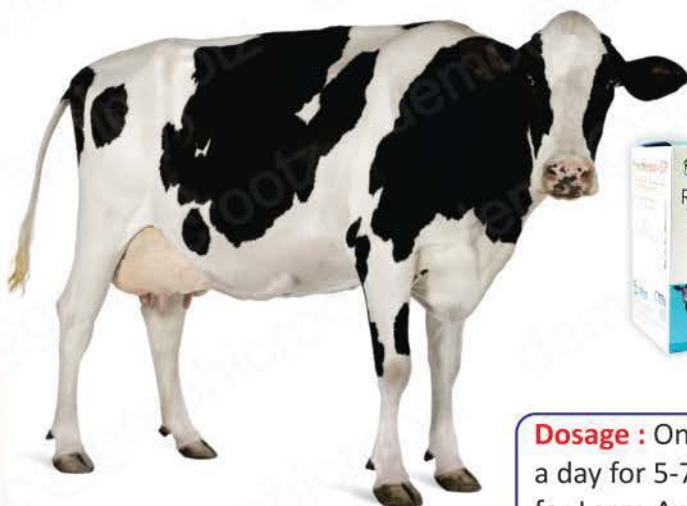

- **Cefixime** is broad spectrum antibiotic with activity against both gram positive & gram negative organisms.
- It is highly stable in the presence of beta lactamase enzymes.
- **Cefixime** is used in treatment of uncomplicated urinary tract infections, otitis media, acute bronchitis, acute exacerbation of chronic bronchitis, uncomplicated gonorrhoea.
- **Ofloxacin** belongs to a class of drugs called quinolone antibiotics.
- It works by stopping the growth of bacteria.
- बैक्टीरियल व सर्जरी के बाद होने वाले इन्फेक्शन के लिए उपयोगी ।
- हड्डियो तथा पेट दर्द में सहायक ।

*Highly stable
in the presence of
beta-lactamase
enzymes*

Urinary Tract Infections | Otitis Media

Acute Bronchitis | Uncomplicated Gonorrhoea.

Acute Exacerbation of Chronic Bronchitis,

Dosage : One Bolus 2 times
a day for 5-7 days
for Large Animals

Also Available

Parafenac-SP

Acetofenac 400mg+ Paracetamol 1500mg
+ Serratiopeptidase 75mg **BOLUS**

Parafenac-SP is used in the reduction of Pain and inflammation due to bone or soft tissue injury, resolution of postoperative, swollen tissue with fluid and Pain.

(सूजन दर्द, बुखार व संक्रमण में सहायक)

*To maintain Energy Level
in Dairy Animals with ...*

GLUCO-VET

(प्राकृतिक ऊर्जा बूस्टर)

ENERGY BOOSTER 600ml

**Gluconeogenic Precursors with
B-complex Vitamins & Minerals**

- Helps in fast recovery from kitosis.
- Optimizes the dry matter intake.
- Improves the post calving health & production.
- Increases availability of energy/glucose level.
- Helps to bring back animal to feed & optimum milk production.
- Provide Glucose / Energy for lactation & body maintenance.
- **GLUCO-VET** एक ऊर्जा बूस्टर और किटोसिस उपचार के प्रारंभिक सप्ताह में प्रयोग किया जाता है ।
- यह दूध कीटोन के स्तर को कम करने और लैक्टेट दूध उत्पादन को बढ़ाने में बहुत प्रभावी है ।

**Make Animals Energetic
& Fast Performance**

Dosage : 200ml twice on the 1st day after Parturition followed by 100ml twicedaily for the next 3-4 days to be administered or in feed.

Also use in Poultry :

Reduced Chicks Morality

Even & faster weight gain

Dosages : 1ml 10kg body weight to be administered continuously for a period of 3-5 days once daily drinking water depending on the severity of infection.

Also Available _____ 500ml & 1 Litre

LEVOBEX-B

Levofloxacin Hemihydrate & Bromhexine Oral Solution

Levofloxacin Hemihydrate & Bromhexine Oral Solution is widely suggested for Poultry, Goat, Sheep & dairy animals.

Maintain **Pregnancy** & Prevent **Abortions**

HYDROVET

Each 3 ml Contains: Hydroxy Progesterone Caproate I.P. 750 mg.
INJECTION

*It helps to the Reproductive Problems like, Habitual abortion,
Repeat Breeders, Luteal deficiency, Prolapse of Uterus.*

*It stimulates luteal actions, causes changes in uterus
and vagina as seen in early pregnancy.*

*Contractile response of the myometrium to oxytocin is inhibited.
The drug stimulates a proliferative endometrium into secretion as
well as stimulates the growth of mammary alveolar tissues.*

USAGE & INDICATION :

- **Habitual Abortion** : 3 ml of Hydrogen after 45 days of pregnancy repeat at every 10 days for 4-5 times.
- **Repeat Breeding** : 2-3ml of Hydrogen per week for 3 weeks.
- **Vaginal / Uterine Prolapse** -3ml of Hydrogen per day for 2 days.
- **Postpartum anoestrus** : 3ml of Hydrogen if no response repeat after 10 days.

Also Available •—————

INFLUID

Isoflupredone Acetate 2 mg/ml **Injection**

किटोसिस और वास संक्रमण के लिए लाभदायक तथा
पशु के सम्पूर्ण स्वास्थ्य और सूजन में सुधार करे ।

*Isoflupredone is a veterinary drug used in
cows, pigs & horses for the treatment of
wide range of conditions.*

Ketosis // Musculoskeletal Disorders //
Hypersensitivity // Inflammatory Disease etc.

DOSAGE : 5-10ml of according to the size of Animals.

To fight **MIXED** Infections....

INCIP-TZ

Ciprofloxacin 2000mg & Tinidazole 2400mg **Bolus**

Also Available

INCIP

Ciprofloxacin 2000mg **Bolus**

- Repeat breeding, endometritis & pyometra.
- Uterine infections due to ciprofloxacin resistant organisms.
- Abortions due to brucellosis, trichomoniasis, vibriosis, leptospirosis, listeriosis and salmonellosis.
- Uterine infections due to various aerobic and anaerobic bacteria.
- Diarrhoea and Dysentery.
- Gynaecological Infections & U.T.I Infections.

Dosage

Large Animals : 1-2 bolus twice daily for 3-5 days
Small Animals : 1/2-1 bolus twice daily for 3-5 days

NORIVET-TZ

Norfloxacin 1200mg. & Tinidazole 1800mg **Bolus**

- ✓ डायरिया दस्त के लिए सुरक्षित और सुनिश्चित उपचार तथा पानी की कमी को दूर करे ।
- ✓ पेट दर्द में राहत दिलाये ।
- ✓ Uses in Amoebiasis, Giardiasis & Anaerobic Infection.

Dosage :

One Bolus twice daily for 3-5 days.

Best Antiseptic Healing Solution

INJUR-HEAL

Wound Healing Spray 100ml

- Antibacterial, Antifungal & Antimicrobial
- Very effective against udder wounds
- Post-operative dressing
- Heals wound faster

1. घाव व इन्फेक्शन के लिये सुरक्षित उपाय ।

2. पोस्ट ओपरेटिव (Post-Operative) ड्रेसिंग के लिये लाभदायक ।

Prevents entry of Mastitis
Causing Organisms

Broad spectrum of activity against
bacterial infections

A Better Solution to Clear Internal & External Parasites

IV-VET

Ivermectin 1.0% w/v 50ml / 100ml Injection

IV-VET Injection is effectively control and treatment of internal & external parasites that impair livestock health & productivity.

IV-VET has a broad spectrum efficacy & wide safety margin.

IV-VET is derived from the family avermectins, which are isolated from fermentation of the soil organism streptomyces avermitilis.

IV-VET paralyzes and ultimately kills parasitic nematodes, arachnoids & insects by a unique effect on the nervous systems of these parasites.

IV-VET action is due to a neurotransmitter chemical that serves as a signal from one nerve cell to another or from a nerve cell to a muscle cell and is called gamma amino butyric acid (GABA).

पेट के कीड़े मारने व पशुओं को इंफेक्शन तथा लंग वर्म, आई वर्म स्किन और मस्कल से बचाने में उपयोगी ।

IV-VET का प्रयोग जुए, रिवर ब्लाईडलेस और स्केबीज (दाद, खुजली) से हाने वाले पैरासाइट इंफेक्शन के लिए किया जाता है ।

In Cattle & Sheep

Gastrointestinal Roundworms
